

# THE WORLD'S BEST BIRD FEEDERS

2021 PRODUCT CATALOG

DROLL YANKEES FOUNDER  
PETER KILHAM, 1905–1992

## Dear Friends,

Droll Yankees' proud history started when Peter Kilham made the A-6F, the first tubular bird feeder, in 1969. With entrepreneurial passion, he produced the first hundred by hand before going to American manufacturers. We continue to use domestic manufacturers to source the majority of our components, which we then assemble in our facility in Connecticut.

When you purchase Droll Yankees bird feeders, you're not just supporting the local economy in Connecticut. By providing components and packaging, American workers in the supply chain throughout the country also benefit. We're proud to contribute to the U.S. economy by making quality bird feeders.

## Droll Yankees Lifetime Warranty Against Squirrel Damage

Droll Yankees will replace any defective part free of charge for as long as you own your Droll Yankees feeder. If your feeder is badly damaged by squirrels to the extent that the effectiveness of the feeder is compromised, Droll Yankees will, at its option, either repair, replace or send replacement parts free of charge. This warranty does not extend to damage through neglect, accident or misuse.

For replacement parts or guidance on our Lifetime Warranty, please contact Droll Yankees' Customer Service Department at 1 (800) 352-9164 or email us at [drollbird@drollyankees.com](mailto:drollbird@drollyankees.com).

## Logos and Benefits

Quality construction and a Lifetime Warranty against squirrel damage are just the start. Throughout the catalog, the logos below identify additional benefits.

Lifetime Warranty against squirrel damage

USA-made at our Connecticut facility

Suitable for mealworms, which are favored by bluebirds and other insect-eating birds

Greater value per food dollar by being either squirrel proof or squirrel resistant. Birds, not squirrels, eat the food

Feeders and accessories that are squirrel-proof or squirrel resistant

Feeders and accessories that discourage raccoons

## Market Trends

According to a recent survey conducted by the Wild Bird Feeding Industry in 2015, the number of households in the U.S. that feed wild birds is steadily rising, with an estimated 52.5 million households now participating. That's great news, but how does that relate to your wild bird department? Forty-five percent of those surveyed are planning to buy a new bird feeder in the following year. That is over 23 million bird feeders!

The survey results continue by quantifying the amount that those households spend on their bird feeders. The numbers align with a good, better, best selection. While half will spend less than \$20, 38 percent will spend between \$21 and \$80, and 12 percent will spend more than \$80. The second most important factor driving their decision after price is durability. We have durable, quality products for you in all categories!

Great new designs been added to our tried and true favorites.

# The World's Cleanest Feeders

## 2 quick ways to clean *and* fill

---

### 1 Onyx Clever Clean & Fill®

The ultimate in elegance and innovation, these *removable base* feeders come apart and reassemble in seconds for the speediest clean ever.

Convenient *one-touch opening* allows the feeder to be filled with one hand, even when hanging.

#### Open with the touch of a button

Spring-loaded flip top enables the feeder to be opened and closed with one hand

Large opening allows easy filling and cleaning with no spilling or mess

#### Twist-and-release base

Easily remove debris for a fresh, clean fill every time

Comfort perch – attract more bird species

Port configuration – the unobstructed interior results in a fluid seed flow and easy brush cleaning

## Onyx Clever Clean & Fill

*Dirty feeders can grow mold which can produce toxins. Clean feeders are not only better for birds, they are more attractive. For the health of the birds, please keep your feeders clean.*

# The Classics

## original, authentic, pure Droll

Our reputation hangs on every feeder.  
Always dependable, always high quality, forever the best.

## The Classic A-6

If one of your childhood memories is feeding and watching birds at home, chances are your family owned a Droll Yankees bird feeder!

In 1969, Droll Yankees founder Peter Kilham invented the very first tubular bird feeder, the A-6F. Over one million A-6F feeders later, this feeder remains a classic.

Now available in Original (A-6F)  
or with the Ring Pull Advantage (A-6RP)

### A-6F

The original, iconic A-6F Classic Bird Feeder – brought back in 2015 from its five-year retirement

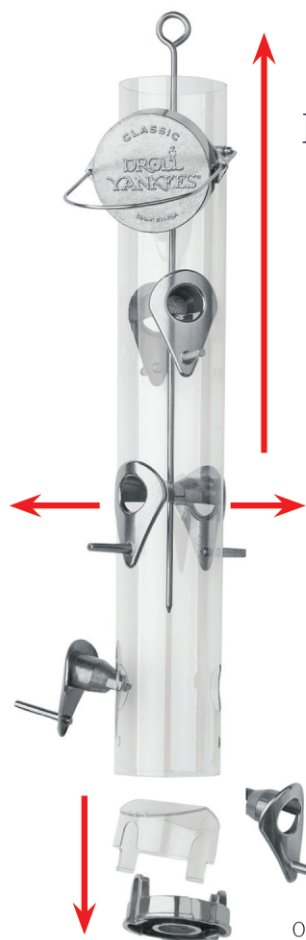

### A-6RP

With the Ring Pull Advantage

Simply pull the ring to disassemble the feeder in seconds

No tools needed

# Caged Feeders

## protective & effective

Clear domes protect against weather and won't hide the birds. 15" diameter cages keep out grey squirrels as well as starlings, grackles and other large birds, while wire bottoms prevent hulls from accumulating. Cages attach with a wing nut, making them easy to remove for cleaning.

# Dealer Support Program

## being the retail destination just got easier!

Stock Droll Yankees bird feeders in your store and you can participate in Droll Yankees' Dealer Support Program (DSP), our store locator for end consumers. It's free and easy! In addition to attracting new customers, DSP members can also qualify to receive free POP such as banners, channel strips, signs, Service Center kits, sales support and more!

More than 100 consumers visit the DSP page on our website daily, where they enter their ZIP code to find a store nearby.

Based on your variety of Droll Yankees products, your store will be qualified for one of the following DSP levels:

|  | Store Listing on DSP Site | New Product Notification | Sales Assistance | Private DSP Facebook Community | Store's website link & Social links on DSP site | FREE in-store POP and signs | Store images included in Listing | Service Center Opportunity | Advertising co-op |
|--|---------------------------|--------------------------|------------------|--------------------------------|---|-----------------------------|----------------------------------|----------------------------|-------------------|
|  <b>DSP-P</b><br>Platinum | ●                         | ●                        | ●                | ●                              | ●   | ●                           | ●                                | ●                          | ●                 |
|  <b>DSP-G</b><br>Gold     | ●                         | ●                        | ●                | ●                              | ●   | ●                           | ●                                |                            |                   |

**DSP-P** – 20 Feeder models required

**DSP-G** – 10 Feeder models required

DSP members will be renewed every three years. This simple process includes checking off the items you stock on our SKU checklist and sending it back to us within 30 days.

More than 1,000 retailers are already enjoying the benefits of the DSP program. If you would like to promote your store through Droll Yankees' website, contact our Dealer Support Managers, Amy Cote at 410-703-5348/acote@classicbrands.net or Sarah Jane Martel at 508-669-4111/smartel@drollnyankees.com. You can also contact our Customer Service Department at 800 352-9164 or via e-mail drollbird@drollnyankees.com.

*We look forward to welcoming you into our DSP family.*
